New exhibition: Space4OurPlanet

« SPACE4OurPlanet »

- features portraits of
17 Women, men, boys
and girls from
17 Countries explaining
how **space technologies**
contribute to the
accomplishment of
**17 Sustainable
Development Goals
(SDGs)**

Bring SPACE4OUR Planet to your region

Launched on 28th September 2021 in
Brussels/Belgium in front of the European
Parliament

Portrays from NEREUS-regions

SDG 8. DECENT WORK AND ECONOMIC GROWTH

" I want businesses to have a way to calculate their own impact on climate change "

Hannah Helmke, Co-founder
right.based on science, Frankfurt, Germany

Portray from Hesse

Portrays from NEREUS-regions

SDG 8. DECENT WORK AND ECONOMIC GROWTH

" Our Space ecosystem encourages innovation, entrepreneurship and skills development "

Giuseppe Acierno, President
DTA, Technological Aerospace Cluster, Brindisi, Italy

Portrays from NEREUS-regions

SDG 13. CLIMATE ACTION

" The climate is changing,
and space technology is
essential to help us
understand and adapt to it "

Benoit Meyssignac, Climatologist
CNES, Toulouse, France

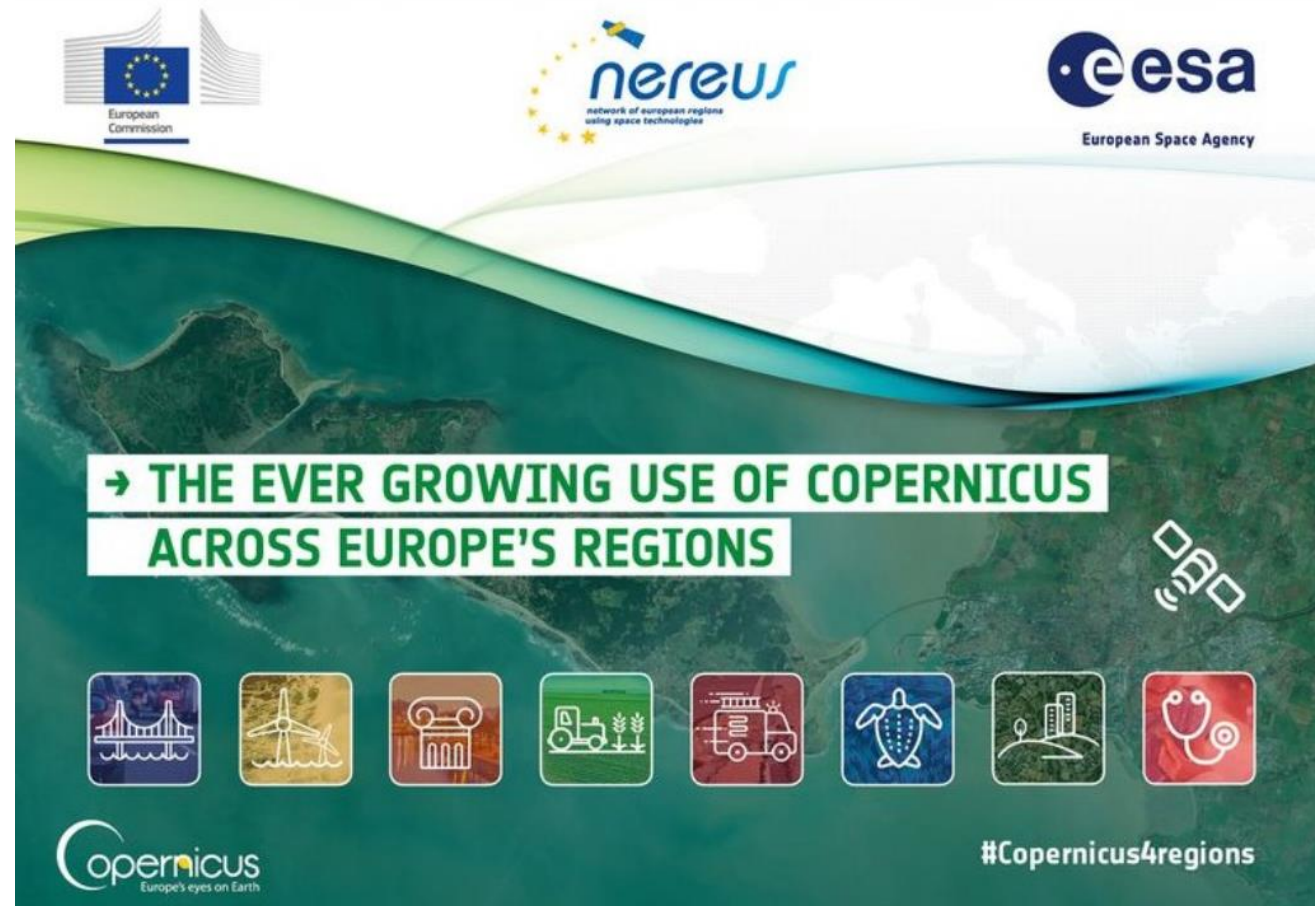

Portray from Occitanie (CNES)
